

An Informative Two-day Seminar:

Blueprint for a Safety and Health Management System

1 Who Should Attend . . .

This program is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 MIOSHA Training Institute

MIOSHA Consultation Education and Training (CET) Division and Macomb Community College (MCC) have developed the MIOSHA Training Institute (MTI) through a formal alliance.

The MIOSHA Training Institute introduced a new certification program, effective October 1, 2007. This course is an MTI Level 1 course. The certification program offers participants an opportunity to be recognized for their educational efforts and increased technical expertise.

Courses will be offered throughout the state in sponsorship with other M-TECSM facilities, community colleges, and safety and health organizations. To learn more about the certification program, log-on to the CET Division website at www.michigan.gov/mti.

3 What You'll Learn . . .

The attendees will learn that a direct relationship exists between effective management and lower workplace injury and illness rates. This class uses continuous improvement tools and methodology to effect increased worker protection, lower costs, enhanced productivity, and improved employee morale. Attendees will learn that a high level of employee involvement leads to continuous improvement of the safety and health management system. When effort and accountability are focused proactively, costly reactive activities can be eliminated.
